POSITION GUIDE

PRODUCT VIEW	 LIFTED SEATED READING NAPPING RELAXING TRUE INFINITE TRENDELBURG ZERO GRAVITY
2-Position	The 2-position TV recline is achievable on all Pride® Power Lift Recliners. This is a comfortable position for performing many relaxing activities including reading, watching TV, working on your tablet or for conversation with family and friends.
3-Position	The 3-position full recline is available on most Pride® Power Lift Recliner models and puts you in a position ideal for napping or relaxing.
True Infinite-Position	The true infinite-position recline is perfect for taking a nap. Infinite-position Pride® Power Lift Recliners enable the backrest and footrest to move independently from one another so that a variety of positions can be reached. The LC-580i and LC-525i can achieve true infinite (two, three, infinite, zero gravity, Trendelenburg) positions.
Trendelenburg	The Trendelenburg position, elevates one's feet higher than his or her heart for increased comfort and relaxation.
Zero Gravity	The zero gravity position, which can be reached on infinite-position Pride® Power Lift Recliner models, positions one's thighs and lower legs higher than his or her torso.

The lifted, seated and reading positions are achievable on all Pride® Power Lift Recliners.
